

TIMOTHY BROCKETT

piano | voice | guitar

Powerful vocals, vibrant accompaniment, and a repertoire drawing from almost a century of popular music have been keeping Timothy Brockett in demand in Asia's finest hotels for over a decade.

With a variety of styles at his command and thorough knowledge of how music works, Tim easily shifts between Pop, Jazz, Classic Rock, Motown, Bossa Nova, Country, Blues, vintage R&B, and European favorites, taking his direction from audience requests.

But that's just part of what he does. Tim's career in music spans more than thirty years, during which he has performed with Grammy Award winners (Jack Jones, Martha & the Vandellas), Gold Record recipients (Charlie Gracie, Freddy Cannon, Kim Wilson, Lesley Gore, Marvin Rainwater), Academy Award winner Shirley Jones, and a list of other artists familiar to music lovers around the world.

In other words, Tim offers something few hotel performers really have: extensive in-depth experience, in many styles of music, gained by working with famous figures in the music business.

Tim does not require any sheet music when he is working, instead using only an iPad containing his current song list. If your venue has public Wi-Fi, your guests can use their handphome and his online song list to send their requests directly from their table to his piano, eliminating the need for a server to deliver a written note.

In addition to being a pianist and vocalist, Tim is a skilled guitarist able to perform warm Jazz, Bossa Nova, and Pop music on either acoustic or electric guitar for your Brunch, Demitasse, High Tea, or Cocktail service.

He is also a recording artist, published songwriter, published photographer, music educator and theorist, and was a columnist for Saigon Entrepreneur magazine.

Key Points:

- VERSATILITY - a large repertoire suiting most tastes
- EXPERIENCE - more than 30 years in the music business
- MARKETABILITY - association with well-known artists
- TECHNOLOGY - iPad and online guest request page
